PROFILE

Aspiring **Full Stack Developer** skilled in **React**, **Node.js**, and **MongoDB**, with experience building responsive web applications, integrating REST APIs, and implementing secure authentication systems. Strong problem-solving abilities, clean coding practices, and a focus on delivering user-centric solutions.

EDUCATION

- **Global Academy of Technology, Bangalore** Bangalore, India
B.E. in Information Science and Engineering (ISE); CGPA: 8.83 Dec 2022 – July 2026

EXPERIENCE

- **Inceptrib Hackathon 2025 – Frontend Developer** May 2025
Jain University, Bengaluru
 - Participated in the Inceptrib Hackathon, contributing to *Farm Connect* during an intensive 24-hour on-campus competition, showcasing adaptability and resilience under tight deadlines.
 - Developed a **responsive and intuitive frontend using React.js**, enabling farmers to input data and receive real-time recommendations on crop requirements, fertilizer quantities, and irrigation needs.
 - Collaborated closely with backend developers to ensure seamless API integration, **demonstrating effective communication, teamwork, and cross-functional coordination**.
 - Project shortlisted in the top 100 out of 500 ideas, reflecting innovation, technical proficiency, and the ability to work under high-pressure collaborative environments.

PROJECTS

Real-Time Multilingual News Tracker Link

- Developed a responsive **multilingual news application** using **React** and the **NewsData.io API**, supporting **8+ languages** with real-time news fetching, category-based filtering, and a user-friendly interface optimized for all devices.
- Designed an intuitive UI featuring **dark/light mode toggle** and a visually appealing **responsive layout** for desktop, tablet, and mobile.

Postify – Posting Web Application Link

- Built a responsive **full-stack web application** using **Node.js**, **Express.js**, **MongoDB**, and **EJS**, supporting **user authentication**, posting, editing, liking, and profile management.
- Implemented secure authentication using **JWT** and **bcrypt** to ensure data privacy.
- Designed **dynamic reusable templates** with EJS and integrated **MongoDB** for persistent data storage.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, **React.js**, TailwindCSS

Backend: **Node.js**, **Express.js**

Database: **MongoDB**, SQL

Languages: **Java**, Python

Tools: GitHub, VS Code, Tableau, Power BI, Excel

CERTIFICATIONS

- **TechA Web Development using HTML and CSS Foundation Certification** – Mar 2024
- **Java Programming Completion Certificate** – Jan 2025
- **Inceptrib Hackathon Certification** – May 2025
